MEMORANDUM FOR: Mr. [REDACTED] 25X1A9a

SUBJECT: NIS Sections 57 (Subversion)

A recent NIS Section 57 (Subversion) has led the Director to ask that all such sections published on the Critical List of 18 countries be forwarded to you in eight copies. I have asked OCR to send them to you.

I am reminded that a few months ago you and I had discussed the NIS and counter-insurgency. The more recent Sections 57 reflect a related broadening in scope. Where the published Section 57 on an Area dates back some time and/or a fully revised edition is not yet on our schedule, I am taking the liberty of asking OCR to also forward a recent Chapter I - Brief. The Chapter I's are now being superseded by NIS General Surveys (GS), the first of which (on Panama) will be published in a week or so.

Attached is a list of the countries and the status of publication, including notation where a recent Chapter I has been published.
